

CALL FOR ARTISTS FOR 40th ANNUAL ART AUCTION GALA – MARCH 7, 2026

SUMMARY:

- This year, the Arts Council is hosting the event, to be held in the Fort St. John Pomeroy Hotel & Conference Centre.
- The theme of this year's auction is the Roaring Twenties.
- Your artwork does not have to be specific to the theme but may be any genre or medium.
- All donated items will be curated for the event by committee members to achieve the best balance between the silent auction, raffles and the live auction.

REQUIREMENTS:

- **Due February 14, 2026** to the Auction Planning Committee to determine inclusion into Live Auction, Silent Auction, and/or the various draws.
- All work must be original and gallery ready.
- Fill out the attached form and hand in with your donated items to Peace Gallery North or register online at.
- You may donate up to four items.
- When pricing your item at fair market value, the fair market value should be in line with your typical pricing and record of sales. The word fair is quite important because there are artists who are new or do not have a sales history. It's then all about what is reasonable. The Fair Market Value is the amount that you could sell the artwork for in Canada in March 2025 to a willing buyer who is familiar with the art market. It is important for the Art Council's fiduciary responsibility that the FMV be as accurate as possible.
- If you have requested tax receipt, the receipt will be 100% of the fair market value rather than the selling price.
